Subject: Regarding installation of an R&D equipment inside the biotechnology lab.

Sir/Madam,

We are writing this letter to bring to your notice that our R&D collaboration with the biotechnology department is going well. We are at a stage in our project wherein we will be bringing in a specialized instrument to be used in data generation and analysis of project. In this regard, we would like to intimate you and request your permission to proceed accordingly. Here are the details of the same.

- Our specialized LED spectrum (High-Throughput) control system (~0.5m²; ~75kgs) is designed to incubate plants/cultures within specified lighting conditions and thereby generate output data, which can be used through a specialized software to generate important scientific insights. We plan to use this technology plugin with various RV related projects as well, in the future.
- All costs for maintenance, repair, security and updates for the equipment will be borne by the company and the company extends its invitation for RVCE's R&D projects to utilize the same features (in a suitably regulated manner)

We would again wish to thank the department of biotechnology for this collaboration and the support extended by the various faculty therein. We request you to acknowledge this with your permission to proceed further.

Sincerely,
Sumanth M Vasista

SUB: Request for providing consultancy services

I write to state that Kalash MedTech Pvt Ltd is declared as winner of Amrita 2021 Elevate Scheme by GoK. It is required to build a Machine for the treatment of Panchakarma. The sanctioned budget for providing consultancy services for which Rs 50,000/- is allocated. Based on the initial discussion held with the R&D Dean and faculty members of RVCE, I wish to give the consultancy services for building of the Machine.

On your kind approval, I would provide the official letter in this regard.

Thanking you

For Kalash MedTech Pvt. Ltd.

Project Proposal
Title : Adaptive Density Based Clustering
Problem statement The proposed project seeks to implement an adaptive density based clustering algorithm, in a distributed fashion, on HPCC systems.
Deliverables: Will be Implemented 1) An adaptive density based clustering algorithm, which can identify clusters efficiently in datasets with variable density, will be implemented using ECL on HPCC systems. 2) Assessing the performance of adaptive DBSCAN in comparison to the performance of K-means, DBSCAN and other chosen algorithms, against various datasets with heterogeneous clustering needs. 3) Complete supporting documentation.
Wish list: 1) To extend our research to handle streaming data.
Methodology: Survey existing research on the topic to identify one or two algorithms to implement in a distributed fashion on HPCC systems. Develop an adaptive data base clustering algorithm to implement on HPCC systems. Evaluate the performance of the adaptive database clustering algorithm on publicly available heterogeneous datasets, and compare it with the performance of the current DBSCAN algorithm.

Project Proposal
Title: Testing GANs using the Generalised Neural Network ECL bundle and producing annotated code to add to the existing GNN bundle.
Problem statement The proposed project seeks to identify appropriate datasets for testing GANs, and implement the same using ECL in order to be integrated with the GNN bundle.
Deliverables: Will be Implemented 1) Identification of appropriate dataset for testing GAN. 2) Implementing various configurations of GAN using ECL. 3) Performance testing of different configurations. 4) Produce documentation for all of the above.
Methodology: Identify appropriate previously available dataset(s) for testing of GANs, for implementation using the Generalised Neural Network (GNN) ECL bundle. Research various GAN configurations and test the same for the chosen dataset(s) using ECL. Produce annotated example code for integration with the existing GNN bundle. Prepare supporting documentation for the same.

Timeline	
Jan 1st - Jan 15th	Learn IIPCC Architecture and ECL language.
Jan 16 th - Jan 20 th	Study various datasets and identify most suitable dataset(s) for GANs, with suitable configurations
Jan 21 st - Feb 20 th	Testing various approaches for analysis of the chosen dataset(s), and selecting an appropriate example
Feb 21 st - April 30 th	Implementing GAN with the selected dataset with annotation.
May 25 th - June 25 th	Documentation (Due to End Semester Exams)

Timeline	
Jan 1st - Jan 15th	Learn HPCC Architecture and ECL language.
Jan 16 th - Jan 20 th	Design the grammar and structure for HAQL
Jan 21 st - Feb 20 th	Prepare the implementation for HAQL
Feb 21 st - April 30 th	Testing the implementation and resultant EQL code performance
May 25 th - June 25 th	Documentation (Due to End Semester Exams in April, 27 th - May 9 th)
June 25 th - July 25 th	Writing research paper/white paper

Project Proposal
Title : HPCC Analytics Query Language (HAQL)
Problem statement The proposed project seeks to implement AQL for HPCC and also appropriate means of running it via translation to ECL.
Deliverables: Will be Implemented 4) HAQL Basic Query Structure, Grammar, Syntax. 5) A module and an implemented solution to read HAQL code, parse it and generate corresponding ECL code for use 6) Complete supporting documentation
Wish list: 2) Access to current ongoing work on HAQL
Methodology: Identification of layout of the grammar and structure of HAQL. Followed by the implementation of the language constructs, such that it will be parsed, and translated to ECL language to be executed. Evaluation of various aspects of the implementation such as performance and runtime of the implementation, comparison with native results. Preparation of the supporting documents, and any other required documentation.

Nokia internal use

Conduct research in SON 5G optimization area and develop PoC quality software for identified topics

Nokia EdedNet SON R&D team wants to collaborate with RVCE to jointly conduct research in SON optimization area for solving challenges such as PRACH optimization based on load and mMIMO/Beamforming optimization, develop efficient algorithms and implement these algorithms in PoC quality software

- Map the research landscape in SON optimization area potentially through conducting literature survey and sharing the outcome
- Identify efficient algorithms for given problems like PRACH optimization based on load, mMIMO/Beamforming optimization and so on
- Implement the algorithms and deliver these algorithms as PoC quality software

Outcome:

RVCE Team and Nokia EdenNet SON R&D team will jointly conduct research in SON optimization area and identify efficient algorithms. RVCE team will deliver PoC quality software.

Duration:

4 Months (extensible to 10 months based on need and further commercial negotiation)

Payment:

Nokia's liability under section 6 of this Research and Development Agreement is detailed below:

A total sum of INR 300000 (Three Lakhs Rupees) (including conference expenses based on actual expenses) shall be paid by Nokia at the end of the project.

All sums are exclusive of GST, where it is applicable.

College Entrepreneurship Network [CEN]

and

RV College of Engineering [RVCE]

Department of Information Science and Engineering [ISE]

Consultancy Engagement Offer Letter

About CEN:

College Entrepreneurship Network (CEN) is a non-profit industry initiative to empower colleges to encourage innovation and entrepreneurship with students. This cell is dedicated to empowering college students to be entrepreneurship first, delivered with sense of responsibility, career counselling, individual pride and social spirit.

About RV College of Engineering:

RVCE is a premier institution in Karnataka with higher rankings in all regulatory bodies with very good placement statistics. It has got a total of 12 departments and research going on in multidisciplinary areas. Lot of research facilities are available in the college campus with a very good clean room facility, Robert Bosch PLA lab, Anechoic chamber, workstations, HPC lab, incubation center and many more.

Project Details:

Project Name:

CEN Virtual Meet [CEN VM]

[Subscription based Video Conference Tool built on BigBlueButton Opensource]

Module 1:

Web UI Components and Plugin Integration with BigBlueButon (Open Source)

Module 2:

Subscription Model UI with Payment Gateway Integration

(Using Razor Pay/Stripe with UI integration)

**Scope of Work:**

The scope of this project involves using best of open-source platform BigBlueButton(BBB) to build UI Web Components on top of it using Greenlight UI Integration and Subscription based access with Payment Gateway Integration using Kill Bill

- ✓ **Design and build customise BBB Web UI & Greenlight components**
- ✓ **Subscription Model with Payment Gateway Integration & UI Customisation**

Project scope is divided into two sub modules to accommodate two Intern Teams and need to be integrated when delivered. And both teams need to work in tandem with complete collaboration throughout the project delivery.

Project Scope Summary:

- ✓ **Design and build customise BBB Web UI & Greenlight components**
 - BBB-Web: Customize APIs and expose new set of APIs
 - Greenlight: Extend API's to customize for accessing resource from Cloud Storage
 - IAC and New UI module(orchestrator): For Org OR for super Org to handle subscription and payment gateway management integration.
- ✓ **Subscription Model with Payment Gateway Integration & UI Customisation**
 - KillBill and its Plugins Integration:
 - Model users
 - Link Subscription Plan to Payment State
 - Providing Necessary Generic Webhooks associated with a given Subscription state.
 - UI: Integrate Infrastructure as a Cloud (IAC) with Subscription plan.

Refer Project Requirement Annexure for details.

To whomsoever concerned

We are delighted to have Prof Nagaraja G.S Professor and Associate Dean, Dept of Computer Science and Engineering in the board of research wing as research review committee external member from the academic Institution to guide and monitor for a few ongoing research projects in our organization related to Computer networks and its associated domains. He is sharing his knowledge and expertise with all stakeholders of our organization time to time with effect from May 15th, 2021, to May 14th, 2022. In recognition of his work and time, the honorarium of Rs 25,000=00 (Rupees Twenty-five Thousand only) will be paid for the above-mentioned period. Professor has agreed for his presence and availability to guide us during the research projects implementation process. He is also ready to work for the mutual benefits of our organization in future as well.

Roles and responsibilities:

1. To identify the thrust areas of research problems in societal issues
2. Supporting in formulation of the research problems into a documentation template form.

STAMP DUTY KARNATAKA

This Agreement contains the entire agreement between the Parties with respect to the subject matter hereof, and any representation, promise or condition in connection therewith not incorporated herein will not be binding on either Party.

If any term of this Agreement is held invalid or unenforceable, such term will be considered omitted from this Agreement and will not affect the validity or enforceability of the rest of this Agreement.

Amendment. This Agreement may be amended, superseded, canceled, renewed or extended, and the terms thereof may be waived, only by a written instrument signed by CITRIX and RVCE or, in the case of a waiver, by CITRIX and RVCE, as the case may be, waiving compliance. No delay on the part of any party in exercising any right, power or privilege, and no single or partial exercise of any such right shall preclude any further exercise thereof or the exercise of any other such right, power or privilege. The rights and remedies herein provided are cumulative and are not exclusive of any rights or remedies that any other party may otherwise have at law or in equity.

No Third-Party Beneficiaries. This Agreement is for the sole benefit of the parties hereto and their permitted assigns and nothing herein expressed or implied shall give or be construed to give to any person, other than the parties hereto and such assigns, any legal or equitable rights hereunder.

No modification to the terms of this Agreement will be valid unless made in writing and signed by authorized representatives of the Parties.

IN WITNESS WHEREOF, this AGREEMENT has been executed in duplicate by the Parties through their duly authorized representatives as of the day and year first above written.

APPENDIX A

Title	ChatBot Interface for SD WAN Config Management																						
Faculty and students	Students: 1. Shrutheesh Raman 2. Parinith R Faculty: Dr. Anala M R																						
Objectives	The objective of the project is to explore SD WAN configuration parameters. Understand and explore the Config DB and REST APIs to model as source of learning. To auto-learn SDWAN Config elements and REST API structure into the NLP system. Integrating auto learning features as a chatbot.																						
Methodology	• Converting user inputs in Natural Language into REST APIs. • Learning/Training the various SD WAN configuration parameters • Developing Bot interface • Integrating learning features into Bot interface • Deployment and testing for various configuration parameters

Skywalk structural design and drawings Approval - Ripple Media

Basavaraja PV <basavaraja@ripplemediaindia.com>

21 February 2018 at 13:16

To: raghavendrat@rvce.edu.in

Cc: Structural Engineer Siddu Evani <sidduevani@gmail.com>

Dear Sir,

We have honored by 6 skywalks for Bengaluru city by Bruhath Bengaluru Mahanagar Palike through eproc karnataka portal.

As per the tender terms and conditions we need to have approval of design review of skywalks and stability certificate from authorized institutes or BBMP registered engineers.

And its a part of the process we have got the reference from Mr. Siddu Evani who is our design co ordinator for our upcoming skywalks on the below mentioned locations;

1. MG Road Near Navarthana Jewellers
2. Corporation Circle from Cubbon park entrance to opposite side
3. Majestic - Metro station to Railway station side
4. Contonment Railway station
5. Gandhi Bazaar circle
6. South end circle but may be looking for alternate locations due to space constrain for building skywalk.

We are requesting to review of our skywalks design and need to certify the designs provided from our designer for the approval before starting up of project and need the comptative quote for all above locations at the earliest so that we would place the order at the earliest.

Thanks & Regards,

ABB GENERAL TERMS AND CONDITIONS

FOR PURCHASE OF GOODS AND/OR SERVICES (2018-1 INDIA)

1. DEFINITIONS AND INTERPRETATION

1.1 The following terms have the following meanings:

ABB GTC: these ABB General Terms and Conditions for Purchase of Goods and/or Services (2018-1 India);

Affiliate: any entity which directly or indirectly controls, is controlled by, or is under common control with a Party;

Contract: a written agreement and/or the Order for the purchase of Goods and/or Services by Customer from Supplier, including any other documents submitted by Customer to form part thereof, such as but without limitation to any specifications;

Customer: the party ordering Goods and/or Services from Supplier;

Customer Data: any data or information, including Personal Data, acquired by Supplier in preparation of or during the fulfilment of the Contract, irrespective of whether such data or information relates to Customer, its Affiliates or their respective customers or suppliers;

Delivery: delivery of Goods by Supplier in accordance with Clause 5.1;

Embedded Software: software necessary for operation of Goods, and embedded in and delivered as integral part of Goods;

Goods: the items to be delivered by Supplier in accordance with the Contract and/or all materials, documents, or other deliverables which are the result of Services provided by Supplier under the Contract in any form or media, including but without limitation to data, diagrams, drawings, reports and specifications;

Intellectual Property Rights: (a) patents, utility models, copyrights, database rights and rights in trademarks, trade names, designs, knowhow, and invention disclosures (whether registered or unregistered); (b) applications, reissues, continuations, renewals, extensions, divisions or continuations for any of these rights; and (c) all other intellectual property rights and similar forms of worldwide protection;

Order: Customer's order issued to Supplier for the purchase of Goods and/or Services;

Party: Customer or Supplier, collectively the Parties;

Personal Data: any data or information of an identified or identifiable natural person;

Services: the services to be provided by Supplier in accordance with the Contract;

Supplier: the party providing the Goods and/or Services to Customer;

Variation Order: a change to the Order such as to alter, to amend, to omit, to add to, or otherwise to change the Order or any parts thereof.

1.2 References to clauses are references to clauses of the ABB GTC.

1.3 Headings are for convenience only and do not affect the interpretation of the ABB GTC.

2. APPLICATION

2.1 The ABB GTC govern the Contract.

2.2 No terms or conditions delivered with or contained in Supplier's quotations, acknowledgements, acceptances, specifications or similar documents will form part of the Contract, and Supplier waives any right which it might have to rely on such terms or conditions.

2.3 Supplier shall accept the Contract either expressly by written statement or impliedly by fulfilling the Contract in whole or in part.

2.4 Any amendments to the Contract must be agreed in writing.

3. SUPPLIER'S RESPONSIBILITIES

3.1 Supplier shall deliver the Goods and provide the Services:

3.1.1 in accordance with the applicable laws and regulations;

3.1.2 in accordance with the Contract and all Customer instructions;

3.1.3 free from defects and from any rights of third parties; and

3.1.4 fit for any particular purpose specified in the Contract or, in absence thereof, fit for the purposes for which such Goods and/or Services would ordinarily be used.

3.2 Supplier shall ensure that the Goods are packed according to industry standards and in a manner adequate to preserve and protect the Goods.

3.3 When Customer identifies quality related issues on the part of Supplier, Customer will notify Supplier thereof. Notwithstanding other remedies available to Customer under the Contract, Customer may instruct Supplier to undertake at Supplier's risk and expense an analysis into the root cause(s) of the quality related issues; such analysis being undertaken and reported to Customer within ten (10) calendar days of the notification of the quality related issue(s). Customer reserves the right to undertake an audit of Supplier based on the results of the root cause analysis or where Supplier fails to comply with this Clause.

3.4 Customer may issue Variation Orders to Supplier, and Supplier shall carry out such Variation Orders. If any Variation Order cause an increase or decrease in the cost of, or the time required for the performance of, any Services or Goods, an equitable adjustment shall be made in the purchase price and/or Delivery schedule in writing. Any Supplier claim for adjustment under this Clause will be deemed waived unless asserted within thirty (30) calendar days from Supplier's receipt of the Variation Order. Variation Orders requested by Supplier only become effective after written confirmation by Customer.

3.5 Supplier must not suspend the Delivery of any Goods or the provision of any Services.

3.6 Supplier assumes full and exclusive responsibility for any occupational accident or disease occurred to its employees and its subcontractors in relation to the provision of the Goods and/or Services.

3.7 Supplier is solely and exclusively responsible for any claims and/or lawsuits filed by its employees and/or subcontractors, and shall, without any limitations, defend, indemnify and hold Customer harmless from and against any claim, proceeding, action, fine, loss, cost, damages and expenses arising out of or relating to any such claims and/or lawsuits, and any noncompliance with legislation, regulations, codes of practice, guidance and other requirements of any relevant government or governmental agency applicable to Supplier, its employees or subcontractors. Supplier undertakes to appear in court at its own cost if requested by Customer, acknowledging its status as sole and exclusive employer, and to provide Customer with all requested documentation and information necessary to ensure proper legal defence of Customer in court.

3.8 Customer is authorized to make any payments due to Supplier's employees and subcontractors providing Goods and/or Services under the Contract, in order to avoid lawsuits, liens or encumbrances. Such payments may be made through withholding Supplier's credits, offsetting or in any other way. Supplier shall provide any support requested by Customer with regard to such payments and indemnify Customer for any payments made.

3.9 Supplier will be responsible and liable for due compliance and implementation of all statutory provisions applicable to the personnel engaged for performance of any Services under the Contract, in accordance with applicable labour and establishment legislations. Supplier shall submit such documents as required by Customer to evidence Supplier's compliance with its obligations under this Clause. Supplier hereby agrees that Customer has the right to withhold payments due to Supplier in the event that Supplier fails to produce sufficient documentary evidences for compliance with its obligations.

4. PAYMENT, INVOICING

4.1 In consideration of the Goods delivered and/or the Services provided by Supplier in accordance with the Contract, Customer shall pay to Supplier the purchase price stated in the Contract provided the invoice fulfils the requirements defined by Customer.

4.2 Supplier shall submit invoices in an auditable form, complying with applicable laws, generally accepted accounting principles and the spe-

cific Customer requirements, containing the following minimum information: Supplier name, address and reference person including contact details; invoice date; invoice number; Order number and Supplier number; address of Customer; quantity; specification of Goods and/or Services; price (total amount invoiced); currency; tax or VAT amount; tax or VAT number; Authorized Economic Operator and/or Approved Exporter Authorization number and/or other customs identification number, if applicable; payment terms as agreed.

4.3 Invoices must be sent to the billing address specified in the Contract.

4.4 Customer shall pay the invoice in accordance with the payment terms agreed in the Contract.

4.5 Customer will reimburse expenses only at cost and to the extent agreed in writing.

4.6 Services charged on the basis of hourly rates require written confirmation of Supplier's time sheets by Customer. Supplier shall submit such time sheets to Customer for confirmation as may be instructed by Customer but latest together with any related invoice. Confirmation of time sheets cannot be construed as acknowledgement of any claims. Customer is not obliged to pay invoices based on time sheets which are not confirmed by Customer in writing.

4.7 Customer reserves the right to set off or withhold payment for Goods and/or Services not provided in accordance with the Contract.

5. DELIVERY, PERFORMANCE OF SERVICES

5.1 Unless agreed otherwise in the Contract, the Goods shall be delivered in accordance with INCOTERMS 2010 FCA, to the place defined in the Contract or, if no such place has been defined, to Customer's place of business.

5.2 The Services shall be provided at the place specified in the Contract or, if no such place has been specified, at Customer's place of business.

5.3 Supplier shall provide no later than at the time of acceptance of the Contract the following minimum information: number of packages and contents, the customs tariff numbers of the country of consignment, and the countries of origin for all Goods. For controlled Goods, the relevant national export control numbers must be indicated and, if the Goods and/or Services are subject to U.S. export regulations, the U.S. Export Control Classification Numbers (ECCN) or classification numbers of the International Traffic in Arms Regulations (ITAR) must be specified. Proofs of preferential origin as well as conformity declarations, and marks of the country of consignment or destination are to be submitted without being requested; certificates of origin upon request. Supplier shall state the Order number on all invoices (in particular but not limited to commercial, pro forma or customs invoices).

5.4 The Goods shall be delivered, and Services shall be provided during Customer's business hours unless otherwise requested by Customer.

5.5 Upon Delivery, Supplier (or its appointed carrier) shall provide Customer a delivery note and any other required export and import documents not mentioned in Clause 5.3. If Customer has approved partial delivery, such delivery note shall also include the outstanding balance.

5.6 Ownership of the Goods passes to Customer at Delivery. To the extent that the Goods contain Embedded Software, ownership of such Embedded Software will not pass to Customer, but Supplier shall grant, or – as applicable – shall procure that the third party owner grants, Customer and all users a worldwide, irrevocable, perpetual, transferable, non-exclusive, royalty-free right to use the Embedded Software as integral part of such Goods and/or for servicing either of them.

6. ACCEPTANCE

6.1 Delivery of Goods or provision of Services may not be deemed to be acceptance of such Goods or Services by Customer. Customer shall have reasonable time to inspect or test the Goods and/or Services and to report any defects to Supplier. If a defect in the Goods and/or Services was not reasonably detectable during the inspection, Customer shall have reasonable time to provide notice of such defect after it has become apparent and/or to reject the Goods and/or Services.

6.2 The Parties may agree on a certain acceptance procedure, in which case acceptance will be subject to Customer's written acceptance statement. Supplier shall inform Customer in writing within a reasonable time period in advance when the Goods and/or Services are ready for acceptance.

6.3 Customer may enforce any remedy defined in the Contract for any rejected Goods or Services.

7. DELAY

If the Delivery of Goods or the provision of Services does not comply with the agreed date(s), Customer may:

7.1 terminate the Contract in whole or in part;

7.2 refuse any subsequent delivery of the Goods or provision of the Services;

7.3 recover from Supplier any expenses reasonably incurred by Customer in obtaining the Goods and/or Services in substitution from another supplier;

7.4 claim damages for any cost, loss, expenses and liquidated damages incurred by Customer which are attributable to Supplier's delay; and

7.5 claim liquidated damages as agreed in the Contract.

8. WARRANTY AND REMEDIES

8.1 Supplier warrants that the Goods and/or Services comply with the Contract, including but without limitation to Supplier's responsibilities as defined in Clause 3.1.

8.2 Supplier warrants that the Goods are new and unused at the date of Delivery and remain free from defects during the warranty period.

8.3 The warranty period is twenty four (24) months from Delivery.

8.4 In case of breach of any warranty which is not remedied within forty eight (48) hours from Customer's notification, or in case of any other breach of the Contract, Customer is entitled to enforce any or more of the following remedies at its discretion and at Supplier's expense:

8.4.1 to give Supplier another opportunity to carry out any additional work necessary to ensure that the Contract is fulfilled, and/or to obtain prompt repair or replacement of the defective Goods and/or Services;

8.4.2 to carry out (or to instruct a third party to carry out) any additional work necessary to make the Goods and/or Services comply with the Contract;

8.4.3 to refuse any further Goods and/or Services;

8.4.4 to claim such damages as may have been sustained by Customer as a result of Supplier's breach of the Contract;

8.4.5 to terminate the Contract; in such event Customer has no obligation to compensate Supplier, and, at Customer's option, Supplier shall pay back to Customer any remuneration received from Customer for the Goods and/or Services and take back the Goods at Supplier's own cost and risk.

8.5 In case of a breach of any warranty, the entire warranty period shall be restarted for the defective Goods/Services from the date the remediation is completed to Customer's satisfaction.

8.6 The rights and remedies available to Customer under the Contract are cumulative and are not exclusive of any rights or remedies available at law or in equity.

9. INTELLECTUAL PROPERTY RIGHTS

9.1 Subject to Clause 9.2, Supplier hereby grants Customer, or undertakes to procure that Customer is granted, a worldwide, irrevocable, transferable, non-exclusive, royalty-free license to use the Intellectual Property Rights in the Goods, including Embedded Software, if any.

9.2 Supplier herewith assigns to Customer full ownership rights in any Intellectual Property Rights in Goods resulting from the Services. Supplier further agrees, upon Customer's request and at its cost, to take all further steps necessary to perfect Customer's ownership to the Intellectual Property Rights.

9.3 Intellectual Property Rights in any Goods created by or licensed to Supplier prior or outside a Contract (Pre-Existing IPR) will remain vested in Supplier (or the third party owner). To the extent that Pre-Existing IPR are embedded in any Goods resulting from the Services, Supplier grants, or undertakes to procure that the third party owner grants, Customer and its Affiliates a worldwide, irrevocable, transferable, non-exclusive, royalty-free license to use the Pre-Existing IPR as part of such Goods, including the right to improve, develop, market, distribute, sublicense or otherwise use such Pre-Existing IPR.

9.4 Supplier must specify in writing and prior to Delivery all open source software contained in or used by Embedded Software, if any, and request Customer's written approval. Supplier agrees to replace at

its own cost any open source software components rejected by Customer with software of at least the same quality and functionality.

9.5 If any claim is made against Customer that the Goods and/or Services infringe a third party's Intellectual Property Rights, Supplier shall at its cost, but at Customer's discretion (i) procure for Customer and Customer's clients, as the case may be, the right to continue using the Goods and/or Services; (ii) modify the Goods and/or Services so they cease to be infringing; or (iii) replace the Goods and/or Services by non-infringing equivalents. Otherwise, Customer is entitled to terminate the Contract and to reclaim all sums which it has paid to Supplier thereunder.

10. COMPLIANCE, INTEGRITY

10.1 Supplier shall provide the Goods and/or Services in compliance with all relevant laws, regulations, and codes of practice.

10.2 Supplier and its subcontractors must comply with the ABB List of Prohibited and Restricted Substances and report to Customer the substances contained in the Goods. Supplier must also comply with the reporting and other requirements regarding Conflict Minerals made available under www.abb.com – **Supplying – Material Compliance – ABB Policy and Supplier Requirements** or otherwise and shall provide Customer with documents, certificates and statements as requested. Any statement made by Supplier to Customer (whether directly or indirectly) with regard to materials used for or in connection with the Goods and/or Services will be deemed to be a representation under the Contract.

10.3 Supplier represents and warrants that it is and will remain fully compliant with all applicable trade and customs laws, regulations, instructions, and policies, including, but not limited to, satisfying all necessary clearance requirements, proofs of origin, export and import licenses and exemptions from, and making all proper filings with appropriate governmental bodies and/or disclosures relating to the provision of services, the release or transfer of goods, hardware, software and technology.

10.4 No material or equipment included in or used for the Goods and/or Services must originate from any company or country listed in any relevant embargo issued by the authority in the country where the Goods and/or Services will be used or an authority otherwise having influence over the equipment and material forming part of the Goods and/or Services. If any of the Goods and/or Services are or will be subject to export restrictions, it is Supplier's responsibility to promptly inform Customer in writing of the particulars of such restrictions.

10.5 Both Parties warrant that each will not, directly or indirectly, and that each has no knowledge that other persons will, directly or indirectly, make any payment, gift or other commitment to its customers, to government officials or to agents, directors and employees of each Party, or any other party in a manner contrary to applicable laws (including but not limited to the U. S. Foreign Corrupt Practices Act, the UK Bribery Act 2010 and, where applicable, legislation enacted by member states and signatories implementing the OECD Convention Combating Bribery of Foreign Officials), and shall comply with all relevant laws, regulations, ordinances and rules regarding bribery and corruption. Nothing in the Contract will render either Party or any of its Affiliates liable to reimburse the other for any such consideration given or promised.

10.6 Supplier herewith acknowledges and confirms that Supplier has received a copy of ABB's Code of Conduct and ABB's Supplier Code of Conduct or has been provided information on how to access both ABB Codes of Conduct online under www.abb.com/Integrity. Supplier agrees to perform its contractual obligations in accordance with both ABB Codes of Conduct.

10.7 ABB has established reporting channels where Supplier and its employees may report suspected violations of applicable laws, policies or standards of conduct. Web portal: www.abb.com/Integrity – **Reporting Channels**; contact details specified on this Web portal.

10.8 Any violation of an obligation contained in this Clause 10 is a material breach of the Contract and entitles the other Party to terminate the Contract with immediate effect and without prejudice to any further rights or remedies available thereunder or at law. Notwithstanding anything to the contrary in the Contract, Supplier shall, without any lim-

itations, indemnify and hold harmless Customer for all liabilities, damages, cost or expenses incurred as a result of any such violation and/or termination of the Contract, or arising from export restrictions concealed by Supplier.

11. CONFIDENTIALITY, DATA SECURITY, DATA PROTECTION

11.1 Supplier shall keep in strict confidence all Customer Data and any other information concerning Customer's or its Affiliates' business, their products and/or their technologies which Supplier obtains in connection with the Goods and/or Services to be provided (whether before or after acceptance of the Contract). Supplier shall restrict disclosure of such confidential material to such of its employees, agents or subcontractors or other third parties as need to know the same for the purpose of the provision of the Goods and/or Services to Customer. Supplier shall ensure that such employees, agents, subcontractors or other third parties are subject to and comply with the same obligations of confidentiality as applicable to Supplier and will be liable for any unauthorized disclosures.

11.2 Supplier shall apply appropriate safeguards, adequate to the type of Customer Data to be protected, against the unauthorized access or disclosure of Customer Data and protect such Customer Data in accordance with the generally accepted standards of protection in the related industry, or in the same manner and to the same degree that it protects its own confidential and proprietary information – whichever standard is higher. Supplier may disclose confidential information to Permitted Additional Recipients (which means Supplier's authorised representatives, including auditors, counsels, consultants and advisors) provided always that (i) such information is disclosed on a strict need-to-know basis, and (ii) such Permitted Additional Recipients sign with Supplier a confidentiality agreement with terms substantially similar hereto or, where applicable, are required to comply with codes of professional conduct ensuring confidentiality of such information. Supplier shall comply with, and ensure that the Permitted Additional Recipients comply with, any security procedure, policy or standard provided to Supplier by Customer or any of its Affiliates from time to time, and in particular with the ABB Cyber Security Requirements for Suppliers as made available under www.abb.com/Supplying/Cybersecurity, or as otherwise set out in the Contract.

11.3 Supplier must not (i) use Customer Data for any other purposes than for providing the Goods and/or Services; or (ii) reproduce the Customer Data in whole or in part in any form except as may be required by the Contract; or (iii) disclose Customer Data to any third party, except to Permitted Additional Recipients or with the prior written consent of Customer.

11.4 Supplier shall install and update at its own cost adequate virus protection software and operating system security patches for all computers and software utilized in connection with providing the Goods and/or Services.

11.5 Supplier shall inform Customer without delay about suspicion of breaches of data security or other serious incidents or irregularities regarding any Customer Data.

11.6 Supplier agrees that Customer may provide any information received from Supplier to Affiliates of Customer and to third parties.

11.7 Protection of Personal Data

11.7.1 If Customer discloses Personal Data to Supplier, Supplier shall comply with all applicable data protection laws and regulations.

11.7.2 Supplier shall apply appropriate physical, technical and organizational measures to ensure a level of security of Personal Data appropriate to the respective risk and the ability to ensure the ongoing confidentiality, integrity, availability and resilience of processing systems and services.

11.7.3 Supplier agrees that it will not withhold or delay its consent to any changes to this Clause 11 which in Customer's or its Affiliates' reasonable opinion are required to be made in order to comply with applicable data protection laws and regulations and/or with guidelines and advice from any competent supervisory authority, and agrees to implement any such changes at no additional cost to Customer.

11.7.4 Supplier acknowledges that the processing of Personal Data in accordance with the Contract may require the conclusion of additional

data processing or data protection agreements with Customer or its Affiliates. To the extent such additional agreements are not initially concluded as part of the Contract, Supplier, its relevant Affiliates or subcontractors shall upon Customer's request promptly enter into any such agreement(s), as designated by Customer and as required by mandatory law or a competent data protection or other competent authority.

12. LIABILITY AND INDEMNITY

12.1 Without prejudice to applicable mandatory law, Supplier shall, without any limitations, indemnify and hold harmless Customer for all liabilities, damages, cost, losses or expenses incurred by Customer as a result of Supplier's breach of the Contract. Supplier shall, without any limitations, indemnify and hold harmless Customer for any claim made by a third party against Customer in connection with the Goods and/or Services, including but without limitation to claims that such Goods and/or Services infringe a third party's Intellectual Property Rights. Upon Customer's request Supplier shall defend Customer against any third party claims.

12.2 Supplier is responsible for the control and management of all of its employees, suppliers and/or subcontractors, and it is responsible for their acts or omissions as if they were the acts or omissions of Supplier.

12.3 Supplier shall maintain in force, and upon request provide evidence of, adequate liability insurance and statutory worker's compensation/employer's liability insurance with reputable and financially sound insurers, which however will not relieve Supplier from any liability towards Customer. The insured amount cannot be considered as limitation of liability.

12.4 Customer reserves the right to set off any claims under a Contract against any amounts owed to Supplier.

13. TERMINATION

13.1 Customer may terminate the Contract for convenience in whole or in part by giving Supplier thirty (30) calendar days written notice. In such event Customer shall pay to Supplier the value of the delivered but unpaid Goods and/or Services and proven direct cost reasonably incurred by Supplier for the undelivered Goods and/or Services, however in no event more than the price for the Goods and/or Services agreed under the Contract. No further compensation will be due to Supplier.

13.2 In the event of Supplier's breach of the Contract, Customer is entitled to terminate the Contract in accordance with Clause 8.4.

13.3 Customer may terminate the Contract with immediate effect by notice in writing in the event that (i) an interim order is applied for or made, or a voluntary arrangement approved, or a petition for a bankruptcy order is presented or a bankruptcy order is made against Supplier; or (ii) any circumstances arise which entitle the court or a creditor to appoint a receiver or administrator or to make a winding-up order; or (iii) other similar action is taken against or by Supplier by reason of its insolvency or in consequence of debt; or (iv) there is a change of control of Supplier.

13.4 Upon termination Supplier shall immediately and at Supplier's expense return to Customer all Customer property (including any Customer Data, documentation, and transfer of Intellectual Property Rights) then under Supplier's control and provide Customer with the complete documentation about the delivered Goods and/or Services.

14. FORCE MAJEURE

14.1 Neither Party will be liable for any delay or failure to perform its obligations under a Contract if the delay or failure results from an event of Force Majeure. **Force Majeure** means an event that was not foreseeable by the affected Party at the time of execution of the Contract, is unavoidable and outside the reasonable control of the affected Party, provided that it cannot overcome such event despite all reasonable efforts, and that it provides notice to the other Party within five (5) calendar days from occurrence of the Force Majeure event.

14.2 If a Force Majeure event exceeds thirty (30) calendar days, either Party may terminate the Contract forthwith by written notice without liability. Each Party shall use reasonable efforts to minimise the effects of the Force Majeure event.

15. ASSIGNMENT AND SUBCONTRACTING

15.1 Supplier may neither assign, nor transfer, encumber nor subcontract the Contract, nor any parts thereof (including any monetary receivables from Customer) without prior written approval of Customer.

15.2 Customer may assign, transfer, encumber, subcontract or deal in any other manner with the Contract or parts thereof to its Affiliates.

16. NOTICES

Any notice must be given duly signed by registered mail, courier, fax or by e-mail to the address of the relevant Party as stated in the Contract or to such other address as such Party may have notified in writing. E-mail and fax require written confirmation of the receiving Party. Supplier's reply, correspondence, information or documentation related to the Contract must be provided in the language used in the Contract.

17. WAIVERS

Failure to enforce or exercise any term of the Contract does not constitute a waiver of such term and does not affect the right later to enforce such or any other term therein contained.

18. GOVERNING LAW AND DISPUTE SETTLEMENT

18.1 The Contract is governed by the laws of the country (and/or the state, as applicable) where Customer is registered, however under exclusion of its conflict of law rules and the United Nations Convention on International Sale of Goods.

18.2 If Customer and Supplier are registered in the same country, any dispute arising in connection with the Contract which cannot be settled amicably shall be submitted for resolution to the jurisdiction of the competent courts at Customer's place of registration.

18.3 If Customer and Supplier are registered in different countries, any dispute arising in connection with the Contract which cannot be settled amicably shall be finally settled under the Rules of Arbitration of the International Chamber of Commerce by one arbitrator appointed in accordance therewith. Place of arbitration shall be Customer's place of registration. The language of the proceedings and of the award shall be English.

19. SEVERABILITY

The invalidity or unenforceability of any term of the Contract will not adversely affect the validity or enforceability of the remaining terms. The Contract will be given effect as if the invalid or unenforceable term had been replaced by a term with a similar economic effect.

20. SURVIVAL

20.1 Provisions of the Contract which either are expressed to survive its termination or from their nature or context it is contemplated that they are to survive such termination will remain in full force and effect notwithstanding such termination.

20.2 The obligations set forth in Clauses 8 (Warranty and Remedies), 9 (Intellectual Property Rights), 11 (Confidentiality, Data Security, Data Protection) and 12 (Liability and Indemnity) exist for an indefinite period of time and survive expiration or termination of the Contract for any reason.

21. ENTIRETY

The Contract constitutes the entire agreement between the Parties and replaces any prior agreement between them with regard to its subject.

22. RELATIONSHIP OF PARTIES

22.1 The relationship of the Parties is that of independent parties dealing at arm's length and nothing in the Contract may be construed to constitute Supplier as an agent or employee of Customer or so as to have any kind of partnership with Customer, and Supplier must not represent itself as or act on behalf of Customer.

22.2 The Contract does not imply any employment relationship between Customer and Supplier, or between Customer and Supplier's employees assigned to the execution of the Contract. Customer remains free of any responsibility or liability for labour, social security or taxes with respect to Supplier and its employees assigned to the execution of the Contract.

Dear Dr. Shobha G:

Congratulations, your project has been selected for a 2018 IBM Shared University Research Award for 937,000 INR. This award is highly competitive and recognizes the quality of your program and its importance to our industry.

I am pleased to inform you that the IBM Shared University Research award for 937,000 INR has been transferred to your institution's bank of record. The Clearing Date is December 21, 2018.

Please note that the IBM Shared University Research Award is a gift in recognition of the selection of your project and not a contract for services. It will be processed as a donation to your institution.

In keeping with the competitive spirit of the program, subsequent nominations must be submitted by an IBM technical sponsor and will be evaluated with the same process and criteria as first-time nominations.

IBM does not believe that the award raises any actual or potential conflicts of interest. The award is independent of any past, present or potential future business between R V College of Engineering and IBM. Neither of us has any obligation to enter into future business with the other.

R V College of Engineering will use the donation in a manner that reflects the highest standards of ethical conduct and in accordance with all laws, rules and regulations applicable to R V College of Engineering, including without limitation anti-bribery laws. R V College of Engineering agrees that no individual associated with or employed by the organization will improperly benefit, whether directly or indirectly, from the donation; and R V College of Engineering agrees that this award is not intended to influence, and will not influence, the IT procurement decisions of the organization (or any organization with which the officers, board members or trustees of the organization are affiliated).

Again, we are delighted to provide this award, and we wish much success for your project.

Sincerely,

IBM Shared University Research Award
